Person to Person Ministries is based out of Hillsboro, Ohio on the beautiful Restoration Acres. Restoration Acres is a 153 acre campground consisting of over 600 camping lots and numerous buildings.

Our camping lots provide an opportunity for you to come, not only during our programs, but also throughout the year for your camping enjoyment. There are electrical hookups, water hookups and restroom and shower buildings for your convenience. Please call in advance for availability and costs.

Our Main Pavilion is an open air pavilion and was built in 1993. It is here that our Family Sessions and Adult Sessions take place during our Family Camp Meeting. It received a new coat of paint in 2010. This facility is capable of holding a crowd of 3,500 people.

Our Youth Pavilion was built in 1983. Originally built for our Adult Sessions, we quickly outgrew this building and built the present Main Pavilion. This building is now used for our Jr./Sr. High Sessions during Family Camp. This facility can handle 2,500 people and is very adequate for our youth. We look forward to the day when this building becomes too small for our youth and we either have to build a new one or build an addition.

Family Camp is for the whole family, not just the adults and teens. We provide programming for children 2 years old and up. To the left is our Kiddie Korral. It was moved to its present location in 2006. This is where our 2 and 3 year olds meet during morning and evening sessions. We also have facilities for our 4 and 5 year olds, 1st through 3rd graders and 4th through 6th graders. These programs continue to grow from year to year.

To the right is our exhibit hall/restroom facility. This facility houses our exhibits during Family Camp, as well as providing us with much needed restroom facilities. We also use this building for our Men's Clinic. We hope to soon use this as a center for learning as we host more seminars and classes at Restoration Acres.

Person to Person Ministries is excited about our Resource Center. Completed in 2001, our Resource Center houses our offices, a 4,400 plus book library, a 3,000 plus audio/video library, two classrooms, and facilities for short stays by individuals who come to work or study. This facility is open year round and is a great place to come for personal study, retreats, seminars, and meetings.
